Gino Clicque

The Champion's Flight

Gino Clicque of Belgium ... a fancier for 54 years, and still as motivated as ever ... crowned Champion of Belgium 2026, also winning 1st & 2nd National Perigueux in 2026, with 2022 & 2025 each year 2 x 1st National victories, making a total of 12 x 1st Nationals & Internationals ... a truly elite national loft.

The performances displayed by Gino Clicque in the past years add a whole new dimension to pigeon racing in Belgium. His unique gift of selection, pairing and racing has led him to develop a colony based around few bloodlines with phenomenal results year after year.

The current colony consists of a rock-solid foundation with illustrious ancestors such as Golden Prince, Prince Rudy, Red Flip, Mario, Devil Prince, Super Prince, and Piraat.

Their descendants appear in nearly every pedigree of Clicque pigeons. From Super Prince and Piraat, numerous top performers have emerged, including: Golden Prince, Golden King, Golden Princess, First Lady, Devil Prince, Prince Rudy - all National Ace Pigeons or 1st National winners, also many others including the new Superstars of 2024, 2025 & 2026 : Golden Leonie, Turbo Cyriel, Golden Médard, Golden Aimée, Cyriel, Bourges King, Stella, Black Ace, Benoit and Chang.

FRIENDS IN THE SPORT

Gino is always respectful of those in the sport who helped him most – with pigeons and with advice. His father Germain, Andre de Smet, Lucien Staelens, Robert Dobbelaere, Patrick Delrue, Gaby Vandenabeele, Eric Vermander, etc.

The steady stream of top results coming out of Wevelgem clearly shows that this colony will remain firmly at the top of the pigeon racing world for quite some time. It's not just Gino who's flying well though ... it's also other fanciers with his pigeons.

For many years, this bloodline has also been producing successes at satellite lofts both nationally and internationally,

with super pigeons who perform at the highest level, from sprint to the longer races. For a fancier, it is a true achievement when other flyers do well with your pigeons ... then it's the birds who are the champions, not only the fancier.

Every year brings another season of truly top prizes for the loft of Gino Clicque in West Flanders, Belgium ... but it's taken years to perfect. All down to serious hard work, motivation, concentration, and determination to become a professional sportsman. Some people are lucky in life, some people have to work to make it happen, and Gino is one of those people. It's not just through luck that he's become one of the most successful and respected fanciers in the world.

ALWAYS LEARNING

What's great about Gino is that he's always happy to help fanciers, and is never afraid to be open when asked about his systems. He travels the world for his pigeons ... always listening, asking, learning about different racing systems and ideas.

It's a real family affair at Gino's loft, with his son and daughter, Jasper and Laura, helping every day. His wife Kristien is always watching on race day and provides a great support with the administration and telephone calls. Gino is very proud that every one of his family has contributed to their success story.

Gino with his wife, Kristien

Gino undoubtedly is a gifted pigeon fancier, but that's not his only special feature ... his ability to remember facts and figures is remarkable. He can recite many people's birthdays, telephone numbers, car registration plates, and this skill means he has the advantage of knowing ring numbers, prizes and race history. It's a real gift, and very helpful in racing pigeons.

WHAT MAKES A TOP PIGEON FOR GINO?

Colourful eyes – they have to be vibrant – whether for a racer or breeder, and good, well defined bars on the wing. They have to be nice handling bred from strong, successful blood lines. When he's selecting pairs, he always tries to breed colourful eyes – he will pair a light coloured eye with a deep coloured eye – usually a dark grey or white eye paired with a red or dark yellow eye. When he sees two very light clear eyes, he doesn't put those together ... sometimes he pairs up two white eyes together, but always a dark white eye with a light white eye.

Every pigeon bred by Gino, from his breeding pairs and his racers, all have special treatment ... the story starts in the nest ... every youngster is touched by his hand every day, creating that bond between fancier and pigeon. He uses a combination that is not real inbreds to each other,

and has four main lines which he switches between, who continue to produce top results.

We know that pigeon racing is not easy, and there are many difficult days ... when asked how Gino finds the motivation, he says;

“every day I like to see the pigeons because it's a passion. We are already in a great position where we have quality, after many years, so it's easier – without that it takes more time. It all depends on good management – keeping the team healthy, fit and motivated. That goes for the fancier too! I need every year to have exceptional results – not to win 1st Club or Provincial – it's a 1st National or 1st Ace Pigeon – every year we hope for that. Then you know the hard work has paid off.”

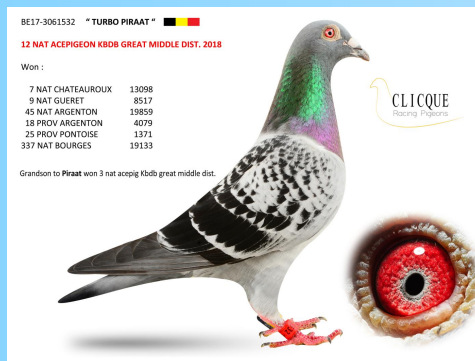

Gino first found his love of pigeons in 1972, at the age of 10. His father, Germain, had a concrete factory and had a small loft of pigeons racing very well on the short distance. Gino helped him with the pigeons and then later also came to work in the factory, following the footsteps of his father.

When Gino was 14, he spent the summer with Andre De Smet from Semmerzake, one of the leading names in Belgian pigeon racing at the time. Gino says “that summer opened my eyes - it was pigeon sport on a whole new level. Andre was very professional in homing his pigeons, and I knew that's what I wanted too – to become a professional pigeon fancier”.

In 1977 Germain & Gino Clicque became Overall Champion in their region with >400 fanciers competing, including some big names. Sadly Germain passed away shortly after, when Gino was only 16, leaving him the responsibility of running the company, and not much time for the pigeons. Somehow he managed to win Overall Champion again in 1978, and was crowned 6th National Champion KBDB in the beginner category in 1980, at 18 – by far the youngest in this category.

Gino knows losing his father so young taught him to take responsibility and never give up. He wanted his father to be proud of him, and he has certainly achieved that.

THE COLONY begins to take shape ...

Another fancier who played an important role in Gino's career was Lucien Staelens – one of the best short and middle distance fanciers at the time. He became a second father to Gino who says “Lucien taught me a lot – I call him my tutor in pigeon racing”. The Staelens pigeons played a role in Gino's short and middle distance era in the 80's & 90's, with the super cock “Lucien” becoming grandfather of ‘Red Filip’ later on.

The Piraat lines originated from “Robert” of Robert Dobbelaere 1st Overall Champion of Belgium KBDB, who sold a round of youngsters in Rekkem in 1996. Gino was sure the prices would be too high, but went anyway with his friend Wilfried Vandemaele. They examined all the pigeons before the auction and separately wrote down their favourite – they had both picked the 008. Friends in the sport, they decided to bid together, as they were sure they could not afford him individually. As it happened, 008 turned out to be the cheapest pigeon of the lot!

In 1998/99 Gino invested in pigeons of Anton & Hilde Reynaert, especially from his superstar “De Goen”. In 2001 a grandson of “De Goen” – the now world famous “Figo” won 1st National Bourges. In that same race, Gino won 1st & 2nd National Zone Bourges, 4th & 6th National Bourges with “Speedo” and “Speedy” – both from the lines of “Robert” crossed with Renaert.

NEXT LEVEL NATIONAL RACING

From 2001 to 2011 Gino was the loft to beat in the shorter and longer middle distance, however he had a new goal in mind - the KBDB Nationals. “In my early days short distance was the number one competition in Belgium, but I saw the National races becoming increasingly important, since it was always my goal to aim for the top, I was bound to turn to long distance racing sooner or later”.

Gino Clicque had formed a team of pigeons which could handle races of up to 700 km. In 2009, Gino told his friend Patrick Delrue (from Delrue Vanbruane) he would send his best racers to Tours (middle distance) while basketing maybe 2/3 pigeons for the National race from Brive. “Be a man” said Patrick “if you want to race the Nationals, you have to use your best birds!”.

Gino accepted the challenge and basketed his best ten birds.

“Of these 10 pigeons I clocked my eighth pigeon in 147th place National against 17,546 b and my ninth pigeon won a 210th National ... and they returned home in top form! Two weeks later we basketed this team again for National Cahors and we had 3 pigeons in the top 100 again. In the last National race we just fell short of one of our pigeons winning the title of 1st National Ace Pigeon KBDB. This really opened my eyes – this was my future!”

Good selection is a valuable skill for a pigeon fancier, and Gino clearly has it

That's when he went to see Gaby Vandenabeele and introduced his “Bliksem” genes to the Clicque stock loft. For sure, the Vandenabeele pigeons were the finishing touch on Gino's way to becoming Belgium's number one pigeon fancier.

In 2012 Gino picked six grandchildren of ‘Bliksem’. Among the six were ‘Super Gaby’ (sire ‘Devil Prince’ 1st Nat Montlucon 19,298 b in 2014) and “Gaby 892” (sire “Gabriella” 1st Nat Agen 2,932 b in 2016). The next year he chose 7 from a son of “Bliksem” who was still unknown at the time. “The ones I like best are the ones I take” said Gino. That same sire later appeared to be “Rudy” the number one breeder during Gaby Vandenabeele's last era in pigeon racing. One of them is the dam of “Prince Rudy” 1st National Limoges 14,575 b in 2015.

STARTING OVER ... with a solid base

In 2017 Gino sold all of his old pigeons on PIPA – leaving him to race only yearlings and youngsters that year, but it made little difference – the years after were some of his best years in his career! He says “I kept children from all the best racers and breeders, creating a family of four basic lines which I could cross at all times.”

He still uses the same principle today.

In 2019 and 2020 the success kept on coming, with plenty of KBDB National Ace Pigeons, >100 x top 100 National and >35 x top 15 National ... All the result of a very well structured breeding plan with four bloodlines at the base

The present strain consists of 100% crossings between the base lines. In the breeding lofts, 50% of the youngsters are bred from National stars who are capable of winning 1st National or 1st National Ace Pigeon KBDB titles. In the VIP breeding boxes only 1st National Ace Pigeons and 1st National winners are paired up. Sons of ‘Golden Prince’ are paired to daughters of ‘Devil Prince’, ‘Red Filip’ and ‘Prince Rudy’. The daughters of ‘Golden Prince’ were in turn paired to their sons. Such a combination of top quality bloodlines inevitably lead to brilliant results.

Looking back, Gino says;

“It took more than 20 years to develop this pigeon breed ... the KBDB Ace Pigeons and National top superstars from the last five years are all descendants of our original base ... the breeding formula has proven its strength”.

GINO CLICQUE : GOLDEN RULE NO. 1

“Every 1st National KBDB winner and every 1st National Ace Pigeon KBDB moves to the breeding loft on the day they grab gold”.

GINO CLICQUE : GOLDEN RULE NO. 2

“Cross-breed our major winning bloodlines, ie a son of a 1st National/Ace KBDB winner paired to a daughter of another 1st National/Ace KBDB.

FUTURE CLICQUE AMBITIONS

“Breeding pigeons with nothing but 1st National or 1st Nat Ace Pigeon KBDB winners in the fourth generation ... the 16 great grandparents are all gold medal winners”.

WHAT YOU WILL FIND IN A CLICQUE PIGEON

>> Medium sized pigeon <<

Closed in the back with a strong skeleton

>> At their best in hard weather 1100-1200m/m races <<

Returns home full of energy after heavy efforts

>> Tested for the first time as a yearling, not youngster <<

Must achieve a top National result as a yearling, and as a young bird some flights to have experience

>> Top racers are always used for breeding <<

What's unique

About Gino Clicque ...

He manages the pigeons himself, with no loft manager, and races from one loft, with the help of his son and daughter.

He is always looking to the future ... how he can support the longevity of the pigeon sport. He is a keen ambassador. He will never say he is the best ... he leaves that to others ... and he is one of the hardest working fanciers ... still motivated after 52 years.

Most of all, he is never worried to share his knowledge of this great sport. I'm sure this is a quality which will have been passed on by his father and his mentors in the sport who opened his eyes to pigeon racing on another level. With this background, it's not surprising that Gino is keen to recognise and help young talent in the pigeon sport.

Discovering talent is one thing, but Gino has taken this a step further and formed satellite lofts with young fanciers in Belgium. He says **“when you see there is somebody interested – young ones especially – you need to be open and to give the right information. When they feel that nobody is helping, they stop.”**

Talking about the young fanciers who Gino supports, he says **“you have to look how they watch the birds - it's plain to see if they have a true heart for the pigeons”.**

A LOFT WHERE CONSISTENCY IS KEY FOR THE FANCIER, AND ALSO THE PIGEONS

All of the pigeons mentioned here are bred by Gino, handled by him every day as youngsters, and all results quoted (unless stated otherwise) are won by pigeons raced by Gino himself.

You will see that every pigeon is bred from the four base lines, each producing 1st National Winners and KBDB National Ace Pigeons year after year.

*The mascots “Gaston” & “Collette”
always watching on race day*

"Gino is like my older brother ... THE MASTER ... he is a gentleman with a very nice personality and is always helpful ... you cannot find many fanciers like him in Belgium, and not only there. At the same time, he is a hard-working fancier who gives everything to achieve the best results every season. His pigeons give super performances on tough races with a low speed.

What I learnt over the years, looking at Gino's pigeons in terms of body structure, feathers, quality, eyes and stamina, is that they are amazing athletes. Gino knows a lot about pairings ... you can see this from the results he makes. It's not easy to breed every year champion pigeons, and for sure Gino knows how to do this. So for me he's not only a Champion in racing, one of the best in the history of the Sport, but also a master breeder, which makes him exceptional."

"The Gino Clicque Pigeons Have Delivered — Plain & Simple.

Their drive, speed, and race intelligence have made a serious mark on our loft's performance. Whether in tough conditions or tight finishes, they've shown what elite breeding looks like. We're building on that momentum, and the results speak for themselves. The results with these bloodlines are too numerous to mention so here are some of the highlights."

Not just a National loft

let's take a look at the shorter distance performances over the last 5 years

We always talk about the National performances of Gino Clicque, because that's what he concentrates on, and excels at. However, we should also take a look at his results on Club and Provincial (Federation) level. Gino plays in the most competitive Club in West Flanders ... the renowned "Rekkem". His focus is the National racing, but all of his birds have to train and compete at the shorter distances too.

To create a lineage of pigeons competing at National level is one thing, but when they're performing on the short distances and local level, it's also a skill.
